FAMILY SESSION

WHO AM I?

Hi! I'm Sam,

Photography for me combines everything am passionate about, my family, creativity, art and capturing important moments in time.

Although I am relatively new to the photography world, I am absolutely loving being involved in peoples lives through the art photography. I have a deep appreciation for the meaningful bonds forged during each unique photography session.

I am a mum to two cheeky children and understand how children act so there is no pressure, my aim is to capture their individual personality's to cherish for years to come.

Like anything in the art world, I provide a unique style of photography and aim to capture images that are simple, natural and true. I want you to feel comfortable and relaxed, each session is based on fun and laughter so don't worry about having to sit still for a long period of time all sessions are fun and relaxed.

If your looking for someone to capture your special moments, who is fun, easy going then I may be the one you a looking for.

WHAT DO I DO IN A FAMILY SESSION?

Family sessions are fun and relaxed; my aim is to capture families having a great time together, laughing and enjoying each others company in nature.

There is no fake smile, and awkward poses here, just giggles, fun and laughter during each shoot. We are all for authentic photos that capture your family's unique personality.

I have some amazing locations around Victoria, where we find the perfect lighting and then spend an hour in nature together, having fun!

Getting your photo taken can feel strange, but by the end I hope you can walk away thinking that wasn't too bad and that it was super fun!

My aim is to capture your child's true personality, I do this by getting them doing what they love, weather that is playing in trees, tickling their brother or sister or playing in the dirt. We follow the kids lead, we embrace the dirt and don't worry about them not looking into the lens. Its all part of the fun.
